## BASKET BALL

Norway High 38; Livermore Falls High 24

The Norway Quintet played rings the Livermore falls outfit, Friday evening at Norway Opera House, Friday evening. Norway caged fifteen floor baskets and should have more than doubled that number as they were in possession of the ball for long periods. Both teams were penalized freely and fortunately for Livermore, Hyde was a dead shot on the foul line. This seemed to be the only way points could accumulate on the visitors' end. He cleaned up sixteen baskets from a possible twenty chances and proved the best shooter from that line seen on the surface for this season.

Norway's close passing was a feature, with Dyer, Ledger and McCormick strong on interference. All but Dyer had a whack at the basket which was unusual as the team had played other strategy back along. Weakness was shown on the foul line and many chances from the floor were far away from the usual hard luck variety.

Referee Wilson impartially enforced the rules to the letter. Bonten fell out in the first half and Ledger followed within ten minutes of the final whistle. Brown substituted for "Wild Bill" and worked well in his position.

Edward Brown's cheering squad on the stage played their part in the contest. More will be heard from them later on as the new organization is rehearsing several novelties sure to make a sensation. Dancing followed. Music by Anderson and Moore.

The first and second grammar school girls played two periods during the evening, with Ruth E. Brown, referee. Their work showed an intelligent knowledge of the game and numerous baskets were made through the ring far above their heads. Considering the small size of the players, and brief experience they have had, their work was good.

## HEBRON GIRLS 10; NORWAY GIRLS 8

A close and exciting game was staged at Hebron Saturday afternoon when the Academy girls defeated the Norway High School girls by a narrow margin. Both teams worked closely together with Hebron a trifle stronger with floor baskets. Miss Crocker was knocked out during the last few minutes of the play and Elizabeth Hall substituted. Although excitement was intense, good feeling prevailed and the Norway outfit were not greatly disappointed to lose a hard fought contest to a team of good sports like Hebron. The score:

## Edward Little Here Friday

This is the game we have been looking for and a bang up contest it will be. Norway High school will win on the surface against the well known Auburn team at Norway Opera House, Friday evening, with something moving from the first whistle. The visitors have been putting up a fast article, but Norway has a hunch the game can be hung on the Norway peg. The Arbunists will contest every point as they did, last year, therefore an exciting forty minutes or more is assured.

## Valentine Party

A gathering of young people was entertained from four to six o'clock at the home of Dorothy Wiles on St. Valentine's Day. In spite of the storm, all came excepting Charlotte Longley, who was unable to come on account of a bad cold.

The time passed pleasantly playing games. Geraldine Paragard won a valentine by pinning the nearest heart on a paper doll in response to her "Who will be my valentine?" Frances Rich found the most amusing crackers, thereby winning another valentine.

Refreshments of sandwiches, fancy cookies, ice cream, valentine cake, and hot chocolate were served.

Those present were, Torrence Savage, Frances Rich, Elinor Rich, Clara Atkins, Geraldine Paragard, Dorothy Anderson, Mary Hill, Margaret Hill, Francis Wiles, Alfred Wiles and Dorothy Wiles.

Selectman George F. Hathaway was drawn for the traverse jury this week. Several jurors were excused for sickness, this number being secured at Norway and South Paris.

Preparations are going forward by the men of the Congregational Church for a supper and entertainment at Norway Grange Hall early in March. The committee including Dr. Harry P. Jones, Mr. Andrews, and Walter S. Chandler will arrange the stage program.

Mr. and Mrs. Walter L. Stone have gone to New York on account of the illness of Mrs. Stone's mother, Mrs. Mary George Richardson of Lynn, Mass., has been spending a few days with her sister, Mrs. Eugene Hayden.

## SUPREME JUDICIAL COURT

The star case for the term, thus far was the divorce proceedings brought by Fred Andrews against his wife, Imogene (Farnum) Andrews, both of Paris. Adultery was charged with four specific dates given in the bill. The case opened Friday and attracted many spectators.

By request a drawn jury was finally impaneled as follows:  
Howard O. Coy, foreman, Oxford.  
H. A. Pierce, Hebron.  
D. C. Dyer, Bangor.  
Fred Wright, Gilead.  
Tasus Atwood, Norway.  
Bert D. Jones, Rockland.  
Lewis C. Akers, Andover.  
Henry R. Robinson, Paris.  
G. W. Adams, Lovell.  
Charles L. Stearns, Stoneham.  
Gus L. Gower, Swanville.  
James L. Bryant, Buckfield.

According to testimony given Mr. and Mrs. Andrews were married, Sept. 15, 1914, and they lived some months on Western Avenue, Paris Village, and the George W. Cook house. It was at this place, late in 1919, and the first of 1920, that the alleged events leading to the divorce are said to have taken place.

The witnesses were principally residents in the other part of the house, and neighbors. The jury heard the testimony on Friday morning, when returned a verdict in forty minutes that the charges of adultery on the dates alleged were not sustained, and a divorce ought not to be granted. Attorney for Mr. Andrews, Tasus Atwood, for Mrs. Andrews, Alton C. Wheeler.

The case of Walter F. Tubbs of Norway vs. Arthur W. Cobb of Poland, was held, Saturday. This was a suit for damages to an automobile in a collision at Poland. The matter was argued by the extent of \$134.86 when the automobiles came together through the neglect of the defendant to give space, as charged by the plaintiff.

By the consent of counsel, a jury of ten men was selected to hear the evidence, being drawn as follows:  
Henry W. Park, foreman, Mexico.  
Frank E. Poore, Brownfield.  
F. W. Morgan, Greenwood.  
J. C. Johnson, Bangor.  
Harry M. Jackson, Norway.  
Joseph D. George, Milton.  
James J. Farnum, Paris.  
G. W. Chandler, Sumner.

Several witnesses were heard on both sides and measurements showing the general topography of the neighborhood of the spot where the collision occurred were given in evidence. Verdict was \$134.86 for the plaintiff. Attorneys, W. G. Conary of Norway for Mr. Tubbs, Tasus Atwood for Mr. Cobb.

The case of Elias McKean of West Paris vs. George Davis of Woodstock, occupied Monday. This was a case of replevin and the facts brought out were to the effect that McKean pastured stock last summer not a great distance from the defendant's home. Some time a heifer escaped from the pasture and strayed to the premises of Davis. It was alleged the animal was taken by the defendant and kept in his barn for a considerable time. When McKean discovered his loss, it was charged he identified the heifer as his property, but the defendant would not give up the heifer, wherefore this suit was to determine ownership. After a long deliberation the jury returned a verdict for Mr. McKean. Harry Shaw for McKean, Alton C. Wheeler, esq., for Davis. The case is going to the law court on an appeal.

The case of Ernest Pike of Watford vs. Norman Smith of Standish, an action to recover for services performed on a farm, was heard Tuesday. W. G. Conary of Norway and Alton C. Wheeler of South Paris were counsel for the plaintiff and Clifford McLaughlin of Portland appeared for the defendant. A verdict was directed for the defendant. It is understood this case will also be appealed to the law court.

**Criminal Business**  
The criminal docket came before the court Tuesday afternoon and continued until 5 o'clock. Attorney Harry Shaw conducted the cases for the State. First case was State vs. Frank Dianglis of Mexico charged with assault with intent to kill, the alleged assault having taken place on December 25, 1920, Levi Boncher being the victim. Judge Stearns was appointed counsel for the defendant. Verdict of not guilty was given.

State vs. Tony Stasulla of Rumford. Adultery was charged, the offense having been committed on October 14, according to the writ. Much of the testimony was taken with the court interpreter and the case dragged considerably. Both sides squarely disagreed and the stories told by various witnesses were in direct contradiction. The defendant was found not guilty. Albert Beliveau and Judge Stearns for the defendant.

Calvin Cummings of Albany, but employed by Fred L. Edwards of Bethel waived the reading of indictment and pleaded guilty to not furnishing preparations to his cattle. The court imposed a fine of \$25 plus costs. Paid and discharged. W. G. Conary for defendant.

Fred E. Murchy of Peru pleaded guilty of cruel treatment to a boy eight years old. The story related by the court. Attorney was to the effect that the defendant in administering corporal punishment for trivial offenses, whipped the boy's legs until blood flowed and washed the wounds with brine from a pork barrel. On another occasion the boy was forced to smoke and drink beer until deathly sick. The court imposed a sentence of six months in Paris jail. Albert Beliveau spoke on behalf of the defendant.

Lewis Manakie of Rumford, who had pleaded guilty to forging an argument earlier in the term, was sentenced to not less than one year and not more than three years in State prison at Thomaston.

Roy Yeagles, aged 17, claiming a residence in Bethel, had pleaded guilty to breaking, entering and trying to escape from jail, was sentenced to from one to three years at Thomaston. This was a peculiar case as the boy has the marks of a confirmed criminal if his record has a bearing in forming an opinion. He ran away from the State School for Boys while a "trusty" and is charged with entering the ranks of the house breaker on several counts. He enlisted in the army under the name "Roy Albert" and was found at Camp Devens last October and turned over to Deputy Sheriff Harry

D. Cole. While waiting trial in the county jail, he narrowly missed escaping through the brick walls early in January of this year. Judge Morrill was loath to impose a prison sentence, but correspondence from the superintendent of the State school was against receiving him again, owing to his bad influence over the other boys.

Morris Bailey, aged 16, of Portland, having pleaded guilty of larceny earlier in the term, was sentenced to the Reformatory for Men at South Windham for an undetermined term. The young man is a native of France and came to this country as a mascot of a regiment of American soldiers. He speaks the English language fluently, having learned rapidly while following the American dough boys. He gave the appearance of keeness and will make a mark in life under good influences at the Reformatory.

Patrick J. Hannan of Rumford was placed on probation to report each month to Chief of Police John H. Dennis until the order is revoked. Forgery was the charge against the defendant. As restitution had been made and reliable reports of good character had been received from the court, the suspended sentence was imposed. George A. Hutchins worked in behalf of the defendant.

An indictment against John F. Watson was not suited by County Attorney Shaw and the defendant discharged.

## SOUTH PARIS

### Shurtleff Schoolhouse Condemned

That the Shurtleff schoolhouse is unsanitary, therefore unfit for the housing of children, was a question discussed freely at Engine House Hall, Tuesday evening. The public meeting was attended by nearly fifty parents and citizens directly interested in scholars of the four grades which occupy the building. Eleven cases of diphtheria from that school have been under quarantine since October, at one time it was practically epidemic. This fact was the basis for the discussion of ways and means to stamp out the plague spot.

Mrs. Edwin N. Haskell presided. As the meeting was entirely informal, the matter taken up as questions and answers with Albert D. Park, a member of the school committee, Alton C. Wheeler, esq., Dr. D. M. Stewart, Howard Shaw, Mrs. Howard Shaw, Mrs. Henry Merrill and others, leaders in the discussion. The building as a whole was condemned for its unsanitary location where water stood in the basement after every heavy rain. The toilets were considered a menace to health, and the whole situation was believed to favor the spread of contagion when disease germs entered the building.

In Dr. Stewart's opinion diphtheria was not the result of the alleged unsanitary conditions but introduced by a carrier, probably one of the scholars. While the conditions as charged might assist in the spread of contagion by lowering the vitality of the pupils, he believed an unsuspected case was responsible for the trouble.

Both Mr. Park and Mr. Wheeler objected to the location of the building and were in favor of closing the rooms if some arrangement could be made for a half session school at the Brick school to care for the Shurtleff pupils. Both speakers said a satisfactory drainage system was impossible without large expense as the basement is below the mill pond and Story brook level several months in the year.

A committee was nominated to confer with the Paris school board and the local board of health in this matter and call meetings when necessary. The members are, Mrs. Howard Shaw, Mrs. Edward L. Green, Mrs. Joseph P. Currier, Mrs. L. B. Card and Mrs. Henry J. Merrill.

Dr. Stewart suggested that immediate arrangements be made with the District Health Officer in Lewiston to examine the building and give each pupil all tests considered necessary. After the meeting the committee interviewed Percy A. Allen, a member of the local board, and requested he communicate with the district officials for an early investigation. There was much uncertainty sound for the committee mean business and will not rest until a scientific opinion is given.

While the parents have taken the matter in their own hands, after the Community Club investigation set forth the alleged unhealthful conditions, it is clearly understood this is in no sense a slap at the school board or any reflections against Supt. Garcelon. The officials have done all within their power to bring about satisfactory conditions in the building, and the parents appreciate their earnest efforts in the matter. An article in the warrant next March will put the matter directly up to the town to decide whether the alleged conditions continue in this building, or other arrangements made to care for the Shurtleff grades in another place. As the matter stands, pupils are being kept lame and the efficiency of the teaching force is greatly hindered. The prevailing disease is not in evidence at present, but an outbreak might occur any time, and parents are anxious to discover the cause. Keeping children from school is illegal, but the circumstances would warrant this act is the opinion of those greatly concerned.

## Congregational Church Notes

The subject for the sermon for next Sunday morning is "Questioning of Conversion." This sermon is a direct answer to a question which was recently asked by one of the members of the congregation. Should one come into the church who has had no previous personal religious experience? The subject for the evening is "Stepping Stones to the Consummation of Faith." This will follow the thought of the morning, but from a little different angle.

The Christian Endeavor Society will meet at 6 o'clock and discuss "Old Tasks made New."

The members of the church will entertain the members of the other three churches in the vestry, Friday evening of this week at eight o'clock.

There will be a special business meeting at the vestry, Wednesday evening, Feb. 23, at 7:30 o'clock, to receive the report of the Committee on the Revision of the Church Manual and take action on the same. It is earnestly hoped that every member will make a special effort to be present.

Mrs. Albert E. Cash fell on the court house steps, late Tuesday afternoon, causing a compound fracture of the forearm. The doctor, who attended the case, decided an X-ray examination was necessary and Mrs. Cash was taken to Lewiston, Wednesday morning.

Another lecture under the auspices of Arthur Foster Post, American Legion, will be held in Deering Memorial church next Sunday evening. Stereoscopic views will illustrate the subject, "How Bolshevikism ruined Russia, and how it works ruin where tried."

## IS It "Just a Cold"?

Norway People Should Ask Themselves This Question

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, aky joints

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood.

Colds often leave the kidneys weak. First break the cold:

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Norway resident tell you about them.

W. O. Needham, ret. farmer, 230 Main St., says: "At different times when I have taken a cold my kidneys were affected. I began using Doan's Kidney Pills when I felt that my kidneys needed a tonic. Doan's always strengthened my kidneys and cleared my system of the excessive uric acid. I always feel better in a short time after using this remedy. I always get my supply at F. P. Stone's Drug Store." (Statement given July 24, 1908.)

On September 3, 1920 Mr. Needham said, "I haven't changed my good opinion of Doan's Kidney Pills since recommending them many years ago. Doan's benefited me greatly!"

## A Mother's Terrible Experience

West Buxton, (Me.)—To read of Mrs. Arthur Campbell's experience is harrowing. Imagine her feeling—she writes: "I am a mother of five children. My little girl two years old was so sick with fever she lay just as if she were dead for two weeks. I started giving her Dr. True's Elixir and she began to gain at once. Now I would not be without it. I feel very grateful to you."

No doubt this child had some stomach trouble due to worms. Scores of children have worms and their mothers don't know the trouble.

Symptoms of worms: Debauched stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with pain about the navel, eyes watery and dull, twitching eyelids, itching of the nose and rectum, dry cough, grinding of the teeth, little red points on the tongue, starting during sleep, slow fever.

Dr. True's Elixir has been faithful in its duties as a family Laxative and Worm Expeller since 1851.

Warming relief for rheumatic aches.

HE'S just used Sloan's Liniment and the quick comfort had brought a smile of pleasure to his face. Good for aches resulting from weather exposure, sprains, strains, lame back, overworked muscles. Penetrates without rubbing. All druggists have it.

# A TRUE STORY

One of our good customers wanted a good, big storm blanket.

Sombody told him he couldn't get such a one in this town, so he sent to the city and got what he wanted and the price was ten dollars.

Next day he was in our place and saw the same thing and the price tag on it was marked \$5.00.

We have a good many nice blankets of all kinds, Street Blankets,

Storm Blankets

Stable Blankets

For some reason or other, they are marked way below present costs.

The moral of this story is so plain that we need not buy space to print it.

## THE PUBLISHER'S RESPONSIBILITY.

Much demoralizing reading is printed on the plea that "the public wants it." A mother might as reasonably give her child the glowing arsenic for which it cries. The publisher bears a responsibility to society like that of the preacher or the teacher. This at any rate, is the view of the Publishers of The Youth's Companion. From its first issue to the present it has been a constant force for character building. And with all that it has been so wisely edited that no publication exists of more varied charm, more inexhaustible and refreshing sources of interest.

The 52 issues of the coming year will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Only \$2.50 for an annual of reading equal to thirty-five volumes of fiction, humor, etc.

## ROOTS, BARKS, HERBS

Known to Possess Unequaled Value  
In Spring Ailments

Are prominent ingredients of Hood's Sarsaparilla, in which they are so combined as to be most effective.

This great blood-purifying and strength-giving medicine is easily the leading proprietary medicine for the blood, stomach, liver and kidneys, which almost universally need attention in the spring. Thousands take it year after year with entire satisfaction for that tired feeling, that loss of appetite, that eruption on the face or body, and that low or run-down condition of the system so common now. And they enthusiastically recommend it to others.

Begin taking it at once, three times a day after meals. It is pleasant to take and "makes food taste good."

If you need a laxative or cathartic, take Hood's Pills. You will find them gentle and thorough.

## DEVELOPED

If you are going to live in the South or West, it is all well enough to send your investment money there, to lower their taxes and to increase their prosperity.

But if you and your children are going to live in Maine, then will it not be wiser to keep your investment money at home to build Maine?

What Maine needs most is the development of its great natural resource—water power.

It must depend on its own people to finance this development.

Admittedly you may get a trifle larger yield from your money by investing away from home. But, through the long haul, will your money bring you most if invested in the West—or in Maine water powers?

Of the Maine water power investments none equals in popularity the 7 per cent. Preferred Stock of Central Maine Power Company.

It has the advantage over out-of-state securities because it is tax-exempt in Maine.

The price is \$107.50 a share, the yield 6 1/2% net. Why not send the coupon and find out more about it?

## HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. Robinson, Box 642, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreaded hot flashes, sinking spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman. It is held in strict confidence.

## The Lure of BIRTH STONES

FEBRUARY

A keener pleasure may be taken in wearing the amethyst, the birthstone of February, if one knows the following myth. Bacchus, became enamored of a mortal, Amethyst, as she was on her way to worship at the shrine of Diana. He pursued the frightened maiden, and as he was about to capture her, Diana turned him into a pure white stone. Bacchus, the repeating his boldness, poured wine as libation over the petrified maiden, giving to the stone the deep violet hue that like the wine itself solidified.

### WOODSTOCK

#### Woodstock's Opportunity

A great many of the good people of this town are asking why an addition to the high school building is needed this year and if it would not be better policy to wait two or three years before building an addition in the hopes that building expenses will be cheaper. A great many people, not understanding the situation, believe the present building large enough without going to the expense of building an addition bonding the town and possibly increasing our taxes. We only wish it were possible for every voter to visit the building and see for themselves. Our main high school room is not comfortably twenty-seven students, and when we built in 1915 there were only 15 students in the school. Today there are forty-seven students and an entering class next fall which promises to enlarge the school to sixty. Practically the same situation exists in regard to the gymnasium and rooms. While most unfortunate that our town failed to raise money enough in 1915 to have built a larger building, every citizen of our town ought to rejoice that our school has made such a splendid growth. Surely if a people of this good old town of Woodstock are not going to close the doors of our high school to the boys and girls who wish to come here, simply because there is no room for them and it would cost money to provide it, today we are drawing a large number of students from other towns and if we make room for them there will be a greatly increased. Failure to do this can only result in turning those who would come here to other schools and even if the town provided the necessary room in a few years our school would have received a setback from which it would be difficult to recover. There is considerable question also how much saving in expense would be made by the town by not building next summer and whether this in any way could make up for the tuition students we would lose in the meantime.

A good high school and good common schools are the best advertisement a town can have and are worth paying for. We feel sure the citizens of Woodstock will never, knowingly, let their schools go back. We can cut expenses in other directions if necessary, but higher, but a wise provision for our schools at a time when most needed, will mean much to this old town of ours. It will mean that Woodstock will become one of the educational centers of our county and state and that in its midst draws and attracts the very best class of people here. With the electric current nearing Woodstock, with good roads and the many other improvements being made, the future is looking brighter and Woodstock will make every effort to keep that future bright, and full of promise by giving our boys and girls every possible advantage and help within our power to give them and the town which has the breadth of vision to do this, cannot fail to reap the reward.

## Z. L. MERCHANT OPTIMISM

Someone has described a pessimist as one who looks upon every turn in the road as the end.

And an optimist is one who realizes the turn is merely the best way out—and all that is necessary is to keep on going.

Optimism has a constructive influence; the optimists help others to be cheerful and happy; while the pessimist makes even himself unhappy. If one would help the world push ahead and not hold back—then be an optimist.

This store, since we took it over, nearly ten years ago, has ever adhered to the optimistic business principles with an increasing business from year to year.

FORWARD ALL THE TIME has been its maxim, resulting in an increasing business to which its generous patronage has served as a distinguishing compliment.

But the business increase was not the prime object.

TO SERVE; to be useful; to place Norway on a par with other towns as regards the advantageous distribution of merchandise has ever been the guiding thought.

QUALITY MERCHANDISE in abundance; fair prices, a consequent larger turnover and a broader influence in the direction of real benefits are the dominant influences that are daily in evidence.

The present plans for the Spring Season that are each day being reflected in the displays of new, attractive and worthy merchandise are striking evidences of the confidence and optimistic spirit that pervades the very atmosphere of the store.
